

Area and Volume Worksheets

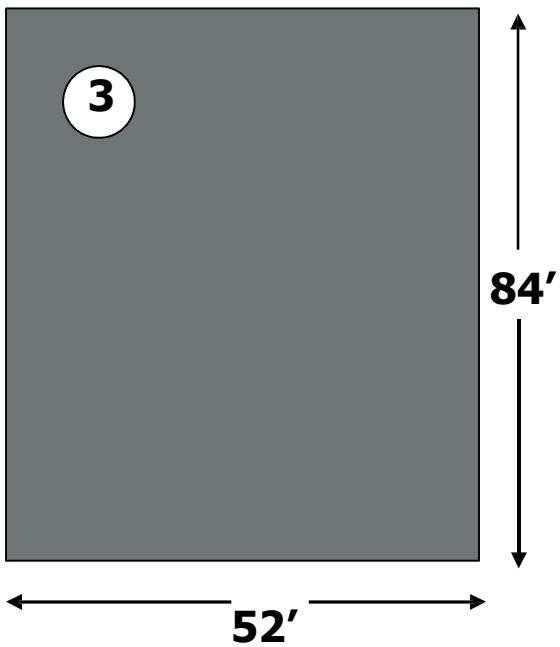

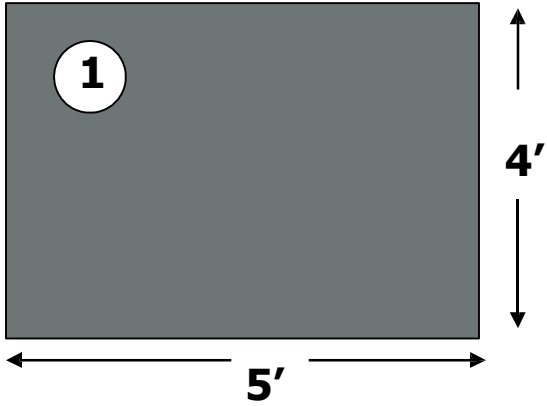

Exercise 1

Area of a Rectangle

Find the area of each rectangle below
Area = length x width

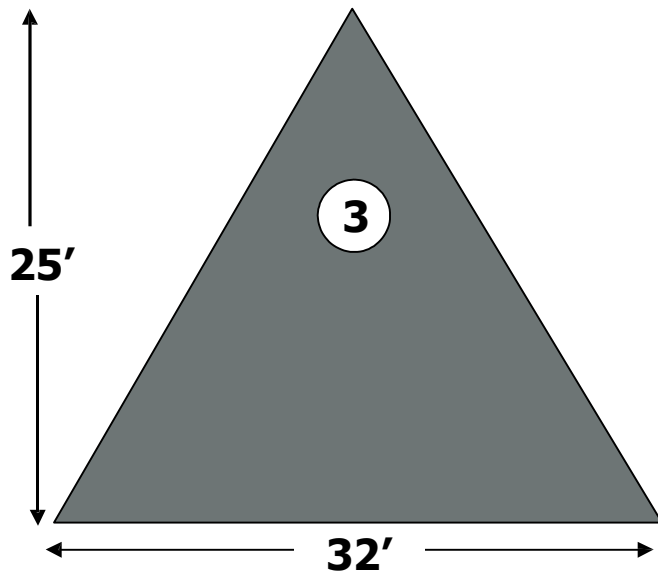

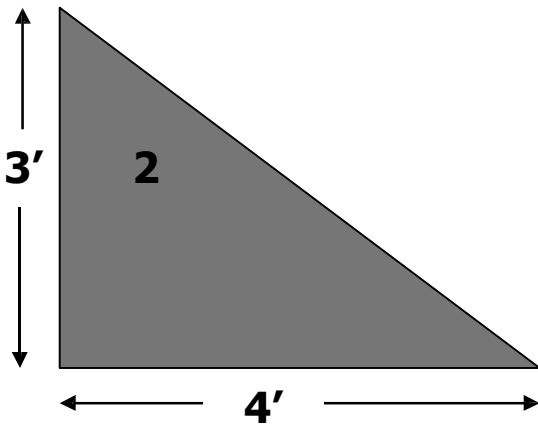

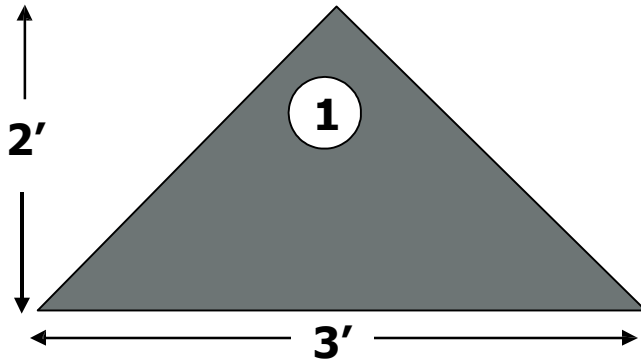

Exercise 1

Area of a Triangle

Find the area of each triangle below
Area = (base x height)/2

Exercise 1

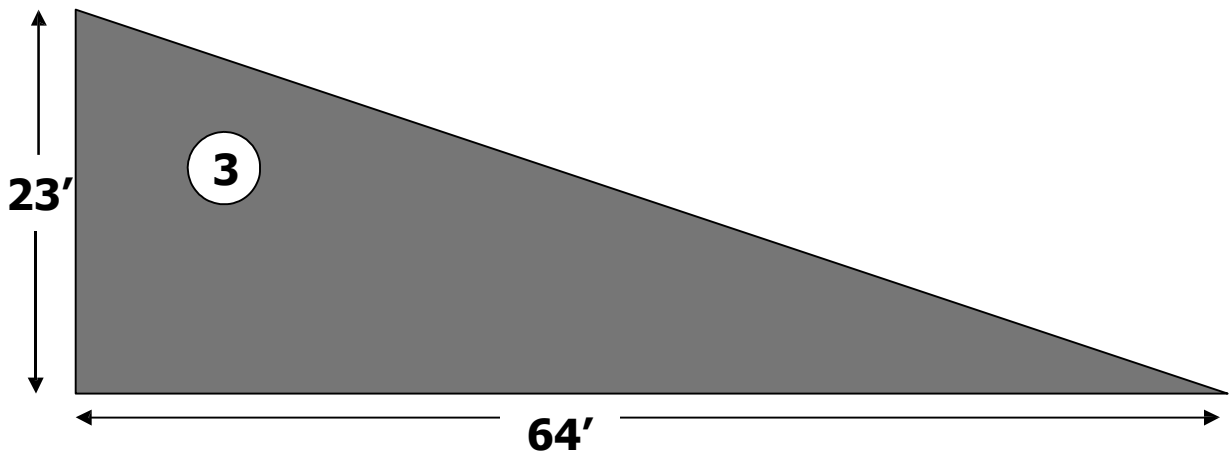

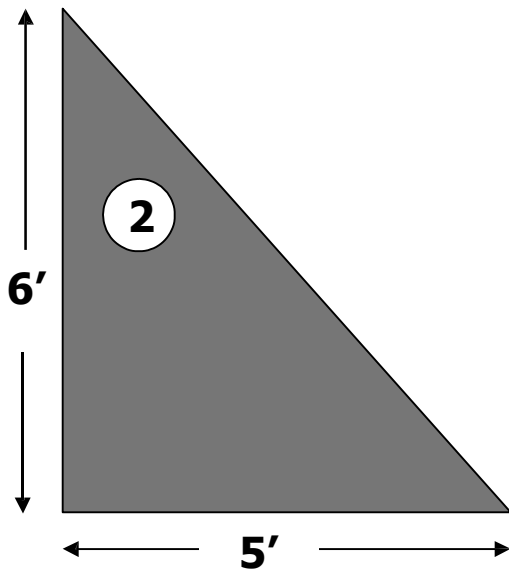

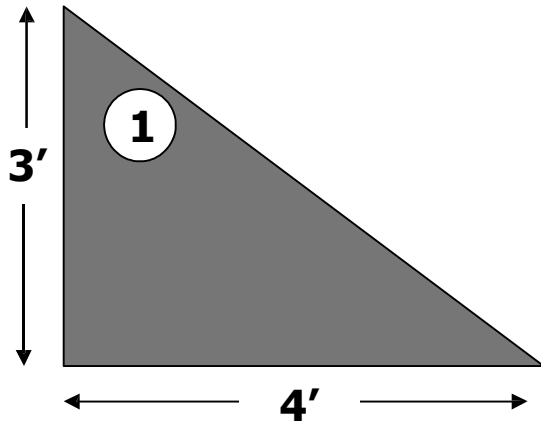

Length of a Slope

Exercise 1

Find the length of each slope below

Length of slope : $a^2 + b^2 = c^2$

Area of a Circle

Find the area of each circle below

$$\text{Area} = 3.14 \times r^2$$

Exercise 1
